EDUCATION

University of California, Los Angeles   **Oct 2012- Jun 2016**
Bachelors of Science in Psychobiology

PROJECTS

Recipe Planner | *HTML, CSS, Fetch API, React, Bootstrap, React Router, Food2Fork API*   **Sep 2018**
- A web app created to streamline the meal planning process of busy individuals who do not want to spend much time thinking about food and meal prep
- A recipe search, grocery list, and meal scheduler all in one.
- Used the Food2Fork API to display about 20 recipes for the individuals to pick to their liking and add the ingredients to the grocery list as well as the recipe to the meal scheduler

Weather App | *Bootstrap, HTML, CSS, OpenWeatherMap API*   **Aug 2018**
- Users inputted a specific city to receive back the temperature, conditions, and humidity
- The API only displayed information of a location after form submission and displayed errors when necessary

Portfolio Website | *HTML, CSS, JavaScript*   **Aug 2018**
- Website detailing my proficiency with HTML and CSS as well as a space to demo my various projects
- A page that linked to a PDF version of my resume to provide easy access to those who want a copy of my experience level

Online Store | *Redux, React, React Router, HTML, CSS*   **Sep 2018**
- An online store with multiple listed items where each item can be inputted into the shopping cart and the amount of each item is tracked

Quiz Game | *Java*   **Jun 2018**
- A 10 question multiple choice quiz game where the person playing the game has to achieve the highest score possible before the end game screen that displays the final score.
- Points tracked after each button click event and each button click renders a new page for a new question

SKILLS

Languages:
HTML, CSS, Javascript, Java
Technologies/Frameworks:
ReactJS, Redux, Github, Bootstrap, AJAX, Eclispe, Visual Studio Code

EXPERIENCE

Deliverer | *Door Dash*   **July 2017- Present**
- High level of initiative to set my own schedule and deliver the food to the over 100 customers in a timely manner.
- Assess the customers' needs and openly communicate any potential delays, order problems, or unclear drop off instructions.

English Teacher | *Ivy International English School*   **Dec 2016-Apr 2017**
- Created a collaborative, service-oriented team environment for class sizes of 5 to 50 for them to practice the English Language.
- Effectively communicated with co-workers regarding assigned task for effective delivery of services offered at the school.
